

Bin rotator 180°

The RHC bin rotator is an exciting new addition to the CAM attachments range. Thanks to its ability to handle a wide variety of bins, it's one of the most convenient models available. Handle all types of plastic, wooden and metal bins with expert precision. Easily lock any bin into position, no matter the size. Lift and empty bins without touching any of the contents. With the RHC bin rotator, bin handling is a breeze. It's particularly popular in the food and beverage sector, where it's used to rotate bins of fruit and vegetables.

Characteristics

1. Fork keepers ensure that the forks remain secure on the attachment.
2. Compact build doesn't decrease the net capacity of the forklift.
3. Lift and empty bins without touching any of the contents.
