Dear customer,

In 1969 Paul Thermote and Paul Vanhalst began servicing and selling agricultural machinery, construction machinery and forklift trucks. Today, TVH is one of the most respected names in the material handling industry. Over the past 50 years we have grown from 2 founders to more than 6000 employees with offices and distribution facilities on every continent.

We are committed to being the worldwide leading supplier of quality replacement parts, safety equipment, and accessories for the material handling and industrial equipment industry. While we take pride in our quality products, we know that without our customers, we would not exist. We are continually striving to increase our product range and to improve our services in order to be the true one-stop shop for our valued customers.

We are looking forward to working with you.
